P.I. PERFORMANCE SUPPORT - STAFF STUDY  
(#03037)

1. PROBLEM:

To provide support in gathering data and preparing graphical material for the P.I. Performance Studies contract with [REDACTED]

25X1

2. FACTS BEARING ON THE PROBLEM:

[REDACTED] will be employed to support [REDACTED]  
[REDACTED] as has been the case in the past.

25X1

3. DISCUSSION:

A time and materials contract will be adaptable to whatever level of effort is required in support of the performance study program by [REDACTED] Stimulus organization, administration of NPIC testing, and collateral material collection will be typical tasks performed by [REDACTED] personnel. Cost-effectiveness will be promoted by such an arrangement by limiting the number of transcontinental trips required of [REDACTED] personnel and by reducing the number of higher salaried man-hours devoted to the overall program.

4. CONCLUSIONS:

Because of [REDACTED] intimate familiarity with the Center and previous successful working relationships with [REDACTED] on NPIC projects, employment on the new P.I. Performance Studies is considered both appropriate and extremely desirable.

25X1

5. RECOMMENDATIONS:

It is recommended that approval be granted to contract with [REDACTED]  
[REDACTED] from FY 1967 R&D funds.
